

Country factsheet

Destination Argentina

Customs Update:

What has changed in the Argentinian customs requirements?

To support customs clearance, the recipient's CUIT (Clave Única de Identificación Tributaria = the Argentinian Tax Identification Number) must be provided for applicable shipments.

The updated customs requirements apply to:

- Packets accompanied by a CN22 customs declaration.
- Parcels accompanied by a CN23 customs declaration.

Description of contents	Quantity	Net weight (kg)	Value	HS Tariff number	Country of origin
1	1	0.310	EUR 1.00	92012122	CN
2	1	0.040	EUR 0.50	92012122	CN
3	1	0.090	EUR 0.50	92012122	CN
4	1	0.100	EUR 0.50	92012122	CN
5	1	0.100	EUR 0.50	92012122	CN
Total (kg)		0.640	EUR 3.00		

Items	Quantity	Net weight (kg)	HS Tariff	Value	Origin
1	1	0.125	92012122	EUR 1.00	BE
2	1	0.115	92012122	EUR 0.50	BE
3	1	0.100	92012122	EUR 0.50	BE
Total (kg)		0.340		EUR 2.00	

What do you need to do?

- Provide the recipient's CUIT number:
 - On the shipment label or CN22/CN23 customs declaration.
 - In the manifest at item level in the "Addressee ID Ref" field.
- Required format: XX - XXXXXXXX - X

Actions required from recipients to facilitate customs clearance and delivery:

- Register on the Post Office's website: www.correoargentino.com.ar
- Validate their mobile phone number.
- Complete the customs declaration of contents.
- Pay any applicable duties and taxes through the government portal.

Important to know:

- Missing or incomplete CUIT information may result in customs clearance delay while the recipient is contacted to provide the required CUIT information.
- If the recipient does not complete the required customs formalities, the shipment will be held by customs:
 - EMS shipments: up to 15 days.
 - Packets and parcels: up to 30 days.
